

WHEAT HAY RAKE

SALIENT FEATURES

- It comes with a 10 ft cutting width, allowing faster coverage of large fields.
- The heavy-duty gearbox ensures smooth power transmission and long-lasting performance
- Boron steel blades provide strong and precise cutting of crop residue.
- Spring steel fingers help gather and align the residue properly, making bale formation easier and more efficient.
- The machine cuts wheat residue efficiently and arranges it in uniform rows to help in easy bale making.
